7. OIT informed the Office of Development and Engineering of a delay in providing expanded cable distribution through the Cable Dissemination System (CDS). OIT studies indicate that CDS is close to capacity and additional requirements will further degrade its performance. OIT is exploring alternatives with OD&E. [REDACTED]

9. Samples of standard security classification and data descriptor labels for removable magnetic media were received from the Information Security Oversight Office (ISOO) of the General Services Administration. The labels, to be used throughout the Intelligence Community, have been approved by the Office of Security (OS) for use on Agency magnetic media in place of current Agency labels. OIT personnel are coordinating the procurement and use of the ISOO labels with OS, the Office of Logistics, and the Intelligence Community Staff. [REDACTED]
